On December 14, 2022, this officer received notification from Pioneer Human Services (PHS) that the offender failed to report for his individual drug treatment session on December 7, 2022, as scheduled.

The undersigned contacted Mr. Rowe on that same date, December 14, 2022, regarding the information received from PHS. The offender adamantly denied that he had missed an individual treatment session, insisting that his next session was scheduled for December 16, 2022.

- 19 **Special Condition #4:** You must abstain from the use of illegal controlled substances, and must submit to urinalysis and sweat patch testing, as directed by the supervising officer, but no more than 6 tests per month, in order to confirm continued abstinence from these substances.

Supporting Evidence: On or about December 26, 2022, Shaunte Rowe allegedly violated special condition number 4 by consuming methamphetamine.

On December 29, 2022, after failing to report for his appointment with this officer as scheduled, Mr. Rowe was instructed to report to PHS for random urinalysis and Breathalyzer testing.

As instructed, the offender reported to PHS and provided a urine sample that was presumptive positive for amphetamine and methamphetamine. He subsequently admitted to the use of amphetamine and methamphetamine on or about December 26, 2022, and signed an admission of use form confirming that admission.

Despite the offender's admission of use, the sample was sent to the laboratory for further testing. As of the writing of this report, those results have not yet been received.

- 20 **Special Condition #5:** You must not enter into or remain in any establishment where alcohol is the primary item of sale. You must abstain from alcohol and must submit to urinalysis and Breathalyzer testing as directed by the supervising officer, but no more than 6 tests per month, in order to confirm continued abstinence from this substance.

Supporting Evidence: On or about December 29, 2022, Shaunte Rowe allegedly violated special condition number 5 by consuming alcohol.

On December 29, 2022, after failing to report for his appointment with this officer as scheduled, Mr. Rowe was instructed to report to PHS for random urinalysis and Breathalyzer testing.

As instructed, the offender reported to PHS and provided a breath sample with a blood alcohol content (BAC) of .033%.
